

NINE HOURS' TIME OR NOTHING DOING

That is the Stand Taken and Being Carried Out by Strikers.

EMPLOYERS MUST BE FAIR

That is All Required by the Union Carpenters and Joiners. Who Went on Strike—No New Developments, but Men Are Firm and Propose to Stick.

There have been no new developments in the carpenters' and joiners' strike since it was declared on the 1st inst. The carpenters claim that they only asked for what they considered a fair deal—the reduction of one hour in the working-day, and that they propose to gain their point or hunt new fields.

"We are not at all unfair," remarked one of the carpenters Friday, "as any man posted on the situation knows. The contractors and employers know this as well as we, if they would admit it. They know it in their own souls, anyway."

"If this concession of one hour should be granted, the contractors would get just as much work, and probably a little better service, as the men would feel encouraged. They would not feel so much as they have been feeling, that they were giving their time away for a mere laborer's compensation, and that they were being worked like common labor."

A few of the contractors are having no trouble, and on all jobs where the nine-hour system has been in force, the men never laid down their tools.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Dr. Strouse in California.

A letter from Dr. Clarence B. Strouse dated San Francisco, California, July 28, bears information that he is assisting in a glorious meeting there. A San Francisco paper says: "Dr. Clarence Strouse preached one of the greatest sermons ever heard in San Francisco at Trinity church Sunday. Dr. Strouse has been invited with Dr. Chapman to conduct union services here next winter."

As a matter of course, while the compliment was great and deserving, Dr. Strouse will not accept the invitation, but will arrive in Gainesville in plenty of time for the opening of the Winter Bible Conference. A number of the finest pulpit orators and Bible students in the United States have already been engaged for the Conference here and the Chautauqua features will also be good.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and \$1. Sold by W. M. Johnson.

Captured Big Cat.

Sheriff Fennell retains his reputation as a fox and wild cat hunter. On Thursday afternoon he took his dogs to Tiger Bay, a short distance from the city, and it did not require many minutes to "jump" an immense cat. After a lively chase and some fighting between his catship and the dogs, the animal was captured alive. The sheriff, however, permitted the dogs to kill it later, and the prize was brought home.

The cat tipped the beam at forty pounds. Its hide will be preserved as a souvenir.

Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores, price 25c.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE NEWS FROM ALACHUA.

Transfer of City Lots—Cotton Held Back by Rain—Other Notes.

Alachua, Aug. 4.—O. W. Stephens, Saturday, purchased from J. O. Sheffield the vacant lot in front of O. M. Fitch's. This is one of the best lots in the city. Mr. Stephens will at once begin the erection of two handsome residences.

The many friends of Miss Maria Turner regret to know that she is confined to her bed with fever.

Edgell Guinn and Bennie Wetherington were before Mayor Pearce this week charged with fighting. Wetherington was turned loose, but Guinn plead guilty and was fined \$1 and costs.

Miss Maud Inman of Plant City is the guest of friends here.

R. E. Dell spent several days here this week.

The wires are being stretched for the telephone system. This will be one of our needed improvements and our people are glad to see the system put in.

O. A. Williams is offering five cents per pound for seed cotton. This price is good to and including August 9th.

Crop reports are very favorable. A good deal of cotton is opening, and were it not for the continued rains it would only be a short time until same would be on the market. It is understood that O. A. Williams and the Williams Company will be heavy buyers of the fleecy staple this season, and it is safe to say that Alachua will hold her own for good prices for cotton.

M. A. Densler of High Springs visited the city Wednesday.

Mr. and Mrs. B. W. Cato are being congratulated over the arrival of a fine boy, which has been with them since Tuesday.

Mr. Joiner of LaCrosse has accepted a position at Bishop's drug store.

Mrs. W. H. Sealey and daughter, Doris, have returned after a visit to relatives at Barney, Ga.

W. H. Berry is suffering from a bone felon on his finger.

W. H. Traxler was in the city Monday on his return from Gainesville.

Dr. Jim Bishop of Newberry was in the city Thursday.

Pat Hubbard visited High Springs Thursday.

NOTICE

Notice is hereby given that after this notice has been published according to law, for six months, I will present my accounts to Hon. H. G. Mason, county judge of Alachua county, Florida, and ask that my accounts be approved and set for final discharge.

WALTER H. PENNEY,
As Administrator Estate of Margaret Penney, Deceased.

IMPORTANT NOTICE

To All Teachers and Applicants for Schools in Alachua County

Editor Sun: The law provides for two examinations in each county per annum, the object being to grant certificates to all who secure the legal percent. These examinations cost a considerable amount and should be patronized by all who wish to teach in their home county. In fact, there was an order passed by the Board of Public Instruction several years ago requiring this. It has been a dead letter, but it is my duty and pleasure as superintendent to see that all orders are effective.

I regret that so many who wish to teach have gone from their home county to secure certificates. I had expected to enforce the order of the school board, but have decided that it is barely possible that I would do some an injustice, and have decided, therefore, in that notice has not been given, not to require those who have gone from home for their certificates to stand an examination before allowing them to teach.

From this date any citizen who goes out of this county and secures a certificate other than a State certificate shall not be permitted to teach until they are examined in Alachua county. There is no better county than Alachua and all who expect to teach must be loyal to her, and it will hereafter require this much to get my endorsement.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Congratulates Everybody.

The following postal card has been received by The Sun from Mrs. E. M. Munsinger, Brocton, N. Y.:

"Prof. W. N. Sheats: As I do not know your address, please allow me through The Sun to extend my congratulations to yourself and the people of Gainesville, who have elected you to be principal of the Gainesville High School, the intelligence of which has just reached me. I will ever remember gratefully your kindness to my late husband, on all occasions of public gatherings where it was his pleasure to meet you and yours to promote and secure his welfare. Congratulations also to all whom it may bless, for the State University. With the auditorium and all it means a boom of good things. Congratulations for a temperate, public-spirited mayor."

Herbine

Restores the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

A Family Relic.

L. A. Jernigan has in his possession something of a curiosity in the nature of a Swiss hand-made watch, which has been in the Cannon family for the past one hundred and fifty years, having been brought to this country from Europe by the Cannon ancestors prior to the Revolutionary war. The case is of solid gold, but worn almost as thin as paper.

Notwithstanding that the watch is somewhat antiquated from the style of the present day and has naturally seen hard and constant service, it is yet an excellent time-keeper and for the past week has been doing twenty-four hours' work a day. It is now owned by Mrs. George M. Colman, one of the descendants, and is naturally prized very highly.

Fiendish Suffering

Is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at all drug stores; guaranteed.
